

# What do to with the results

## Ensure Immediate Safety

- Follow reporting protocols.
- Collaborate with law enforcement or specialized trafficking units
- Develop a safety plan with the youth

## Offer Specialized Supports

- Refer the youth to:
  - Trauma-informed mental health services
  - Anti-trafficking services
  - Safe, placements with staff trained in exploitation prevention
- Engage multidisciplinary teams (e.g., therapists, school staff, legal advocates).

## Document and Reassess Over Time

- Record results clearly in the case file with attention to confidentiality.
- Re-screen during transitions or after drastic changes (e.g., runaway return, placement change).
- Track changes
